DAYTON, Ohio, March 3, 1975 --- Representatives from ACTION, the agency for volunteer service which includes VISTA and the Peace Corps, have planned a major recruiting drive for the University of Dayton. From March 18 through March 20, Terry Wynn, a former VISTA volunteer who served in Puerto Rico, will conduct interviews in the General Placement Office, and March 20 in the Educational Placement Office. As in the past, the ACTION representatives will be glad to speak with everyone, but are specifically looking for seniors and graduate students considering Peace Corps/VISTA service within the coming year.

ACTION's VISTA continues to place volunteers on nearly 400 projects throughout the United States, Puerto Rico, and the Virgin Islands. The volunteers have often been catalysts for community activities, improving the living conditions of many low-income people.

More than 100 VISTAs in Ohio are working on projects in health, legal and migrant aid, community housing and grass roots organizations.

The Peace Corps, 13 years after its creation, continues to provide developing nations with trained manpower. Currently, Peace Corps has nearly 7,000 volunteers on assignment in 69 countries throughout Asia, Africa, Latin America, Micronesia, and the Eastern Caribbean Island nations.

As it takes several months to process Peace Corps/VISTA applications, graduates considering the programs this year should contact the ACTION representatives during the upcoming drive.
